

LumiGlas 130

LumiGlas 130 is a glass rear projection screen material formulated for larger scale single projector installations. LumiGlas 130 is used in many business applications and is ideal for data, video, film, and power point presentations where ambient light is controllable. It provides a wide viewing angle for wide seating plans.

- Superb white field uniformity
- High level of soundproofing between the projector and the audience area
- Identical gain and color matching for multiple screen applications

Material Type	Rigid Glass Rear Projection
Maximum Size	130" x 240" @ 1/2" Thick
Peak Gain	1.3
Half Gain	42 Degrees
Ambient Light Rejection Value	75%
Ambient Light Resistance	Fair
Minimum Throw Distance	1.3 x Image Width
Edge Blending Properties	N/A
Passive 3D use	No
Lay Flat Quality	Excellent
Flame Resistance	Yes
Perforate	N/A
